Yes, I can be here at 8am too.

Jenny, who knew you were the formatting queen (good to know! Love your changes!).

I added a few proposed changes too.

I should be able to do it. Dave and Laurie – here are my changes. I made formatting consistent between sections and added a little more on Oregon to put the emphasis on legal options and the need for resources. **Ex. 5 - Deliberative**

**Ex. 5 - Deliberative**

or at least get that point across if we don't have time to get buy-in from Dan and Christine. It kind of works out that we go first to get that message across.

Can you make the 8am time for our briefing with Bob as requested by Angela? This would be a switch with Angela and she would take the 9am time.

I trust you have been invited to the briefings for Bob Perciasepe on Wednesday, February 5<sup>th</sup>. There is a briefing from 8:00 am to 8:45 a.m. focused on water quality standards in the Region and one from 9:00 a.m. to 9:45 a.m. focused on the Oregon temperature litigation.

Kendra is asking for briefing papers. I told her we'd get her something by Tuesday.

**Non-Responsive**

I think we can use the talking points that are being developed for the Nancy Stoner briefing.

# Non-Responsive

Anyway, as I may be tied up with jury duty, could you, Dave and Angela, make sure to send something up to Kendra on Tuesday in advance of the Perciasepe briefing?

Thanks much.

Hi Christine- Can you give me the most recent version of the briefing documents? I've been out of the office, and I don't think I have the most recent versions.

Kendra, I think you've got the right people. I also need to tell you that

Ex. 6 - Personal Privacy

Nonetheless, you can include me and if I am not available, I'll let you and others know.
